The Cherry *on top of* Your Masterpiece!

Custom Cupolas

Whether you're looking for a functioning ventilation system, or a cherry for the top of your building masterpiece, an A.B. Martin Cupola is the simplistic choice with virtually unlimited customizations available.

Homeowners love the A.B. Martin Cupola because it can be customized to match their building colors. Plus the all-steel construction means no yearly painting and rot is not an issue. Contractors like it because it comes pre-assembled for fast installation.

Plus, every custom cupola is designed to support our in-stock aluminum weathervanes to give the building a classic look.

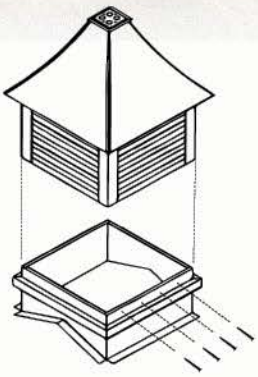
What size do I need?

A good rule of thumb is 1" for every foot of ridge cap.

Pre-assembled for Fast Installation

The 48-inch cupolas come fully assembled while the 16-inch, 24-inch, and 36-inch cupolas come pre-assembled in two pieces (cupola and base) that only need to be fastened with four screws on each side.



Specifications

- Made in the USA
- Made from heavy-duty 26 & 29 gauge steel (Wood-free means rot-free)
- Four standard sizes: 16", 24", 36", & 48" square
- Vented or solid louvered sides are standard. Window options available in 24", 36", and 48" cupolas
- Pre-assembled for quick installation
- Any base, wall, trim, or roof color combinations
- Pre-assembled heavy gauge base designed to support the cupola without additional framing or flashing, and custom made to match the roof pitch
