

S-5!®
The Right Way!

The Innovator in Snow Retention Systems

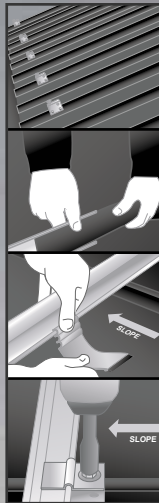

S-5!® ColorGard®

When snow accumulations begin to melt, the result can be catastrophic as the blanket of snow avalanches off the roof, dumping tons of snow onto anything in its path. Our patented S-5!® clamps, with their round-point setscrews, make ColorGard® the strongest, easiest to install, and best priced solution for standing seam metal roofs.

Installation is a snap with proven S-5!® technology and services!

PROVEN The best snow retention system on the market with proven results!

STRONG Documented to be up to 30 times stronger than our competitors!

ENGINEERED The ColorGard® Calculator ensures a complete system!

COLOR-MATCHED ColorStrip matches perfectly for the life of the roof!

So why is S-5!® the Best Choice?

PROVEN STRENGTH: Independent LAB TESTED to unparalleled pressures

PROVEN FIT: Specifically engineered for each seam profile

PROVEN TO LAST: Properly installed, S-5! lasts the life of the roof; no call-backs

PROVEN IN ALL CONDITIONS: No glues that eventually fail; installs in any weather

The S-5! ColorGard Calculator

Ensures that you identify the correct materials for your project. Your company information will appear on the printed material so it is ready to submit to your clients.

The ColorGard Certified Engineer Stamp Program

The S-5! Certified Engineer Stamp Program allows installers of ColorGard to submit their ColorGard snow retention system project calculations to a registered Professional Engineer for review. If approved, the engineer will affix his stamp of the appropriate state and return two copies to the address designated via mail, providing increased assurance that the S-5! ColorGard snow retention system will last as long as the roof itself.

Two GREAT Limited Warranties

1

FREE 25 YEAR LIMITED WARRANTY

Most snow retention manufacturers offer a 1, 3, or even 5 year warranty on their snow retention components. S-5! offers a free 25 year limited warranty on all of our products, including ColorGard. All components are warranted to be free from defects in material and workmanship.

Always have been! Always will be!

2

*OPTIONAL LIMITED LIFETIME SYSTEM WARRANTY

ONLY S-5! offers an additional extended performance warranty that gives you the confidence to know your snow retention system is installed properly and will not fail. Our optional ColorGard Limited Lifetime System Warranty Program protects against system failure.

No other manufacturer offers this assurance!

To find out more, visit www.S-5.com/SnowRetention or call 888-825-3432
*See optional Limited Lifetime Warranty information at www.S-5-ColorGard.com

SnoRail™ & SnoFence™ – Aluminum & Brass

Whether aluminum or brass, our SnoRail™ and SnoFence™ systems offer a sleek, stylish design. Utilizing patented S-5!® clamp technology, this snow retention system doesn't pierce the metal roofing, thereby protecting roof coatings and weather-tightness warranties.
