## STYLE, SELECTION & CRAFTSMANSHIP

Holmes Garage Door Company® offers a complete line of top quality doors including traditional raised panel doors, carriage house style doors, contemporary styles and commercial. With thousands of garage door designs to choose from, Holmes is Making it Easy to find and purchase the right door for your style!

### 3 THINGS TO CONSIDER WHEN CHOOSING YOUR NEXT GARAGE DOOR

**1 CURB APPEAL**  
A garage door can represent as much as 30% of your home's front façade. Homes with forward-facing garages see immediate curb appeal.

**2 VALUE**  
A new door can increase the value of your home by up to 4%.

**3 ENERGY EFFICIENCY & DURABILITY**  
If your garage is attached to your home, an energy-efficient door can do more than lower energy costs; insulated doors are also quieter and more durable.

# SAFETY, QUALITY & INNOVATION

### Deep Embossed Panels

Natural woodgrain texture and detailed raised panel design enhance door's beauty.

### Coped Edges

Custom crafted steel doors are designed with stylish beveled coped edges and decorative center grooves.

### Ultra-Grain<sup>®</sup> Finish

Ultra-Grain<sup>®</sup> delivers the best of both worlds—the realism of natural wood with the low maintenance and energy-efficient benefits of insulated steel.

### Decorative Windows

Inspired by current architectural trends, our windows add a new look to garage doors while complementing your home.

### Rust-Prevention System

Unsurpassed rust-prevention system creates a virtually maintenance-free surface.

### EZ-SET<sup>®</sup> Torsion Springs

Patented springs for easier, faster and safer installation. Eliminates the labor intensive and dangerous manual winding process.

### WARMER

Industry-leading R-values of up to 20.4 provide year-round comfort and energy savings.

### QUIETER

Just open a non-insulated garage door and then an Intellicore<sup>®</sup> door, and you'll hear a huge difference.

### STRONGER

A Holmes garage door featuring Intellicore<sup>®</sup> is nearly twice as strong as a polystyrene door of the same thickness, so it will look better, longer.

Look for this symbol on select products that feature Intellicore<sup>®</sup>.

Silver Series 5500 with Short Plain Windows

## 3 EASY STEPS TO CHOOSING YOUR NEW DOOR

### 1 CHOOSE YOUR DOOR STYLE

# CONTEMPORARY COLLECTION

## ALUMINUM SERIES

Contemporary Collection Aluminum Series garage doors combine aluminum and glass to create a sleek, modern look. Many glass and panel combinations are available for varying degrees of privacy.

### DURABLE CONSTRUCTION

**MODERN DESIGN...  
VIRTUALLY MAINTENANCE-FREE**

Contemporary Collection Aluminum Series Model AVI with Ultra-Grain® Cherry Dark Frame and Insulated Frosted Glass

Contemporary Collection Aluminum Series Model AVI with Anodized Black Frame and Insulated Frosted Glass

## CONSTRUCTION AND FINISH

- 2-1/8" thick, virtually maintenance-free, long-lasting aluminum frame.
- Most glass is acrylic or tempered. Available in single pane (Model AV) or insulated (Model AVI). NOTE: Non-insulated 1/4" mirrored or white laminate is available on Model AVI only.
- Model AV available with acrylic or non-insulated 1/8" tempered clear or frosted glass, or solid aluminum panel options.
- Model AVI available with insulated tempered, non-insulated 1/4" mirrored or white laminate glass options.
- Tongue-and-groove joints and bottom weatherseal in a rust-resistant aluminum retainer helps seal out the elements.
- Frames come standard in Clear anodized or painted White, Bronze or Chocolate. Optional anodized Bronze, Black, Dark Bronze, Ultra-Grain® finishes or powder coated available (additional cost).

## WARRANTIES

## MODELS

AV (Non-Insulated)

AVI (Insulated)

## FRAME/SOLID PANEL COLOR OPTIONS

\*Colors available at an additional cost.

Due to the anodizing process, slight color variation may occur.

The use of "Bronze (Painted)" is recommended for a more consistent bronze finish color.

Powder coated custom colors available upon request; contact customer service for pricing.

## GLASS/PANEL OPTIONS

\*Available in single pane or insulated glass.

White laminated and mirrored glass not available insulated.

Panels can be aluminum to match the aluminum frame. Glass/acrylic panels

may be combined with aluminum panels. Custom glass and colors available.

Acrylic windows require special cleaning. Never use products that contain ammonia or petroleum products to clean acrylic. Please visit [holmesgaragedoor.com/acrylic](http://holmesgaragedoor.com/acrylic) for complete details.

# CONTEMPORARY COLLECTION

## STEEL SERIES

Contemporary Collection Steel Series garage doors complement contemporary and mid-century modern home styles. Doors are available with or without windows and with or without grooves.

### THREE-LAYER CONSTRUCTION

**MODERN BEAUTY...  
SIMPLE UPKEEP**

Contemporary Collection Steel Series Modern Flush panel in Ultra-Grain® Cypress Medium Finish

## CONSTRUCTION AND FINISH

- Four construction types to choose from:
  - 7202, 7201, 7208, 7205 and 7209 have 2" thick, three-layer **intellicores** polyurethane insulation (18.4 R-value).
  - 7132, 7131 and 7138 have 1-3/8" thick, three-layer **intellicores** polyurethane insulation (12.9 R-value).
  - 6202, 6201, 6208, 6205 and 6209 have 2" thick, three-layer polystyrene insulation (9.0 R-value).
  - 6132, 6131 and 6138 have 1-3/8" thick, three-layer polystyrene insulation (6.5 R-value).
- Many window options available.
- Ultra-Grain® Finish available on select three-layer models.

## DOOR STYLES

Modern Flush Panel – Models 7202, 7201, 7208, 7132, 7131, 7138, 6202, 6201, 6208, 6132, 6131 and 6138

Modern Grooved Panel – Models 7209, 7205, 6209 and 6205

## CONTEMPORARY WINDOW OPTIONS

Short Plain Windows  
down right side

Long Plain Windows  
in all panel locations

Contemporary window configurations are available in many design options, including windows in each section and down one side, short and long windows or windows in all sections. For doors with multiple window sections, the window locations must be the same in every section.

Door models offering these configurations utilize 24" and 21" section heights.

Note: Contemporary window configurations are described from inside the garage looking out.

## WARRANTIES

## COLOR OPTIONS

\*Not available on all models; contact customer service for availability.

† Popular in select markets, Glacier White is a brighter white.

Due to the printing process, colors may vary.

# Glenmoor™

COLLECTION

LIMITED EDITION SERIES

The Limited Edition Series provides the natural beauty of wood with the durability and energy-efficient benefits of composite and steel.

## FIVE-LAYER CONSTRUCTION

**WOOD LOOK...  
WITHOUT THE WOOD MAINTENANCE**

Glenmoor™ Collection Limited Edition Series Design 12 with SQ23 Windows

## CONSTRUCTION AND FINISH

- Five-layer **intellicores** polyurethane insulated, composite faux wood doors (20.4 R-value). Swing-out appearance – modern operation.
- Available in 15 door designs and 13 window or top sections for multiple door design options.
- Composite cladding options include Clear Cypress, Mahogany and Pecky Cypress. Composite overlay options include Clear Cypress and Mahogany.
- Windows are standard with 1/8" DSB glass. Frosted, seeded, obscure, rain and insulated glass options are also available.
- Attractive beveled edge clip-in grilles are removable for easy window cleaning.
- Premium grade hardware, rollers and track assure smooth, quiet, long-lasting operation.
- Comes factory finished in Walnut, Dark, Medium or Slate Finish; door can also be ordered in Whitewash Finish (Mahogany only) or primed for homeowners wishing to custom paint or stain their doors.

## WARRANTIES

## DECORATIVE HARDWARE

### INCLUDED

### OPTIONAL

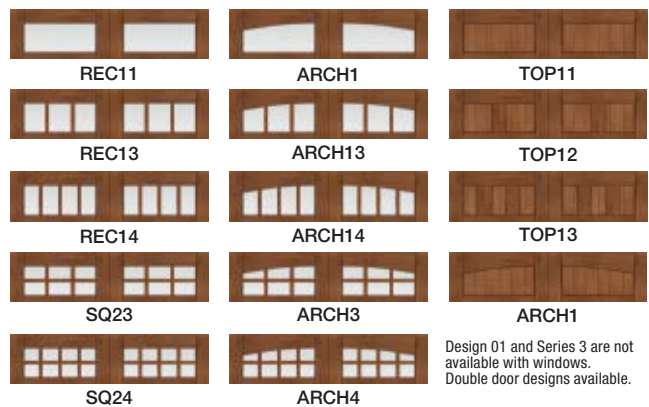

Additional hardware options are available; see pages 20–21.

## DOOR DESIGNS

Doors shown in Dark Finish with Clear Cypress composite cladding and Clear Cypress composite overlay. Design 01 does not have an overlay.

## WINDOWS/TOP SECTION OPTIONS

## MATERIAL DESIGN OPTIONS

Cladding and overlay material options may be mixed and matched.

## COLORS

Cladding and overlays are finished in the same color.

Whitewash Finish available only on Mahogany cladding and overlays.

Doors can be ordered primed for those homeowners wishing to custom paint or stain their doors. Door stain color will vary slightly within a door due to finishing process.

Due to the printing process, colors may vary.

# Glenmoor™

COLLECTION

ULTRA-GRAIN® SERIES

Features a 2" Intellicore® polyurethane insulated steel base door with Ultra-Grain®, a durable and natural-looking woodgrain paint finish.

## FOUR-LAYER CONSTRUCTION

# Lodgewood<sup>®</sup> COLLECTION

The Lodgewood<sup>®</sup> Collection combines authentic wood designs with the functionality of an upward-acting sectional door.

HANDCRAFTED  
TWO-LAYER CONSTRUCTION

**EXTRAORDINARY CRAFTSMANSHIP...  
IMPRESSIVE APPEARANCE**

Lodgewood<sup>®</sup> Collection Design 2 with SQ24 windows

## CONSTRUCTION AND FINISH

- Handcrafted two-layer, non-insulated wood doors in authentic carriage house designs. Swing-out appearance – modern operation.
- Available in three wood species. All stain-grade wood rails, stiles and panels are made from Redwood, Cedar or Hemlock. Hemlock (paint grade and grooved) doors have Hemlock stiles and rails with exterior grade MDO plywood panels.
- 1/4" thick imported Luan interior backer glued to stiles and rails.
- True divided windows are standard with 1/8" DSB glass. Specialty glass options available.
- All doors can be factory primed or finish painted white. Factory stain available for stained-grade wood species (additional cost).

## WARRANTIES

## DECORATIVE HARDWARE

### INCLUDED

### OPTIONAL

## OPTIONAL FACTORY STAINING\*

Not all wood types stain equally and all stain colors will vary in appearance on all wood types. Variations in color will occur from printed material to actual doors, or even from door-to-door. \*Additional cost.

Proper care and maintenance are imperative to the appearance, longevity and performance of all wood doors. Doors must be painted or stained on all six sides prior to installation. Failure to follow the installation and maintenance instructions will void the warranty. Please refer to the installation and maintenance manual for additional information about caring for a wood door.

### 3" TRACK

Headroom = 10" Required  
 Sideroom = 6-1/2" Required  
 Backroom = Door Height  
 Plus 32" Required  
*(800 lb. limit on door weight)*

## VERTICAL LIFT

### 2" TRACK

Headroom = Door Height  
 Plus 12" Required  
 Sideroom = 4-1/2" Required  
 Backroom = 23" Required

### 3" TRACK

Headroom = Door Height  
 plus 12" Required  
 Sideroom = 5-1/2" Required  
 Backroom = 23" Required

## HIGH LIFT

High lift equals distance from top of door to bottom of horizontal track.

### 2" TRACK

Maximum high lift equals headroom available minus 14".  
 Sideroom = 4-1/2" Required

### 3" TRACK

Maximum high lift equals headroom available minus 15".  
 Sideroom = 5-1/2" Required  
*(Minimum high lift = 12" Required)*

## ROOF PITCH

### 2" TRACK

Headroom = 16" Required  
 Sideroom = 4-1/2" Required  
 Backroom = Door Height  
 Plus 23" Required

### 3" TRACK

Headroom = 18" Required  
 Sideroom = 5-1/2" Required  
 Backroom = Door Height  
 Plus 25" Required

Headroom = Top of door to nearest obstruction (truss)

**NOTE:** Up to 4" of additional headroom may be required for a trolley door opener.

## HOW TO MEASURE YOUR DOOR

1. Measure existing door width and height in feet and inches. This determines the size of door needed. The rough opening should be the same size as the door.

Width: \_\_\_\_\_

Height: \_\_\_\_\_

2. Measure for sideroom: 3-3/4" is required on each side for installation of the vertical track for standard extension or torsion springs, or EZ-SET® torsion spring. 5-1/2" is required for EZ-SET® extension spring.

Sideroom: \_\_\_\_\_

3. Measure area labeled "headroom" – distance between the top of the door opening (jamb header) and the ceiling or lowest obstruction (e.g., opener, beams or light fixtures). 10" is required for standard installation of extension springs and EZ-SET® extension spring; 12" on standard torsion springs and EZ-SET® torsion spring. 14" of headroom required for carriage house doors. If you have restricted headroom, special hardware is available. Low headroom hardware is available to reduce requirement to as low as 4-1/2" (minimum with standard extension spring or EZ-SET® extension spring). EZ-SET® torsion spring low headroom requirement is 9-1/2". Note: If door height extends above the opening, the headroom measurement should be adjusted accordingly.

Existing headroom: \_\_\_\_\_

Headroom needed: \_\_\_\_\_

4. Measure area labeled "backroom" – distance is measured from the garage door opening toward the back wall of the garage.

Backroom: \_\_\_\_\_

Common garage door sizes include 8' wide x 7' high, 9' wide x 7' high, and 16' wide x 7' high. Holmes manufactures most doors in nearly any size you require.
